Volume 1: The Dragon and the Sword

"Every myth has a beginning. This is the start of the most famous quest: that of Arthur Pendragon."

Ana, the thief, robs passersby to survive. But today, she picked the wrong target, someone far cleverer than she is, and her entire destiny shifts in an instant. The mysterious traveler is none other than the legendary Merlin. And as it happens, the enchanter is looking for an apprentice. Life under the mage's rule is harsh, yet Ana perseveres, knowing the importance of her mission. Once initiated into the art of writing and magical runes, she must help Merlin find a new king for Britain. But in these chaotic times, as armies clash, which warlord is truly worthy of wielding Excalibur?

Fairies and dragons are pawns in a power game whose stakes even Merlin cannot fully grasp. Ana may well be the trump card, the one destined to change the rules.
